C tea selections

Please choose your leaf tea from the following selection or of course, you may have percolated coffee...

English Breakfast

A blend of malty Assams, full flavoured Ceylon and African teas. A traditional favourite.

Earl Grey

An aristocratic classic, Earl Grey is a light tea, pale gold in colour and flavoured with a delicate oil of citrus bergamot fruit.

Irish Breakfast

A heartier brew than its English cousin because of the higher percentage of Assam and Sri Lanka teas.

Chamomile

Native to Europe, Chamomile Tea is best known as a cure for insomnia and tension as it has a relaxing and calming effect.

Peppermint

Refreshing peppermint tea contains the active ingredient menthol, which promotes better digestion. Peppermint tea also contains B vitamins, calcium and potassium.

Green Sencha

A smooth, honey-coloured tea from Japan. This green tea has highlights of melon and apricot.

Gunpowder

Gunpowder green tea gets its name from the appearance of the leaves which are rolled tightly into pellets. This China green tea is low in caffeine and rich in vitamin C.

Lemongrass and ginger

A refreshing caffeine-free herbal infusion with a lemon type flavour and a hint of spiciness.

Chai

Chai is such an important part of India's social custom that they have "Chai Wallahs" who oversee the brewing of the drink. Chai tea is an exotic blend of Indian black tea and spices.

Iced Tea

Based on Green Sencha, our Homemade Iced Tea is cool and refreshing. It is perfect for hot summer days.

Please inform your waiter if you prefer skim or soya milk
